Mr. Bobby N. Harmon

Re: Your duplicate letters dated January 20, 2005 (via facsimile)  
and January 21, 2005 (via email)

Dear Mr. Harmon:

I advised you quite some time ago that I would not become involved in your letter writing campaign by responding to the volumes of correspondence which you continually generate, most of which violates the Settlement Agreement and to which we will be requesting the United States District Court to enter the monetary sanction awards set forth in the Arbitrator's Final Award issued on October 6, 2004. Among my reasons for electing not to respond to your letters is your history of ignoring information which contrasts with your views, regardless of the falsity of the so-called "facts" you are presenting. However, I decided to send this letter in response to your inquiries regarding an individual with the same last name as my client.

There is no relationship between Christopher S. Woo and Mary Lou Woo. He is not related to Ms. Woo in any way. Ms. Woo has never retained the legal services of Christopher Woo and, to the best of her knowledge, she has never met the gentleman. Further, Mr. Woo no longer works with Charles Hurd, another individual who has no affiliation to your case or to Ms. Woo.

Having elected to respond to your inquiry as to Christopher Woo, I will also comment as to the request you made at the close of your January 31 letter for "a private negotiated-settlement conference". I previously advised you that independent of the fact that you have no legal claim against Ms. Woo, there will not be any "settlement conference" with you. You elected to violate the prior settlement agreement and, based upon your actions, there will not be a discussion independent of the legal proceedings to confirm the arbitration award.

One of the reasons why the Trustee's communications with you will continue to be limited to the legal process is your commentary regarding Ms. Tius and her husband. You expressly stated your perspective regarding Ms. Tius to the Arbitrator. The Arbitrator heard your presentation and rejected your argument. Facts, rulings, and your own prior representation to comply with the Settlement Agreement have meant nothing to you.

We reiterate the request that you immediately begin complying with the terms of the Settlement Agreement and the Final Award. We further request that you remit payment of the \$48,000.00 awarded by the Arbitrator to the Trustee in connection with her reasonable attorneys' fees. Absent your compliance with your own Agreement with the Trustee and the Final Award, we have nothing to discuss outside of the court process.

Sincerely,

STEVEN GUTTMAN
